Hi Gary:

No, the property has not been sold. Mr. Bergner informed me that the Superior oil issue has caused the sale of the property to be further delayed. Now our approach is to wait for NORCO's response to our request for ability to pay information. Mr. Bergner indicated that an accountant is working on this issue. After we receive the information and analyze it, we will proceed with the next steps ---- use of the letters of credit, enforcement, etc.

Goria:

What is the update on the sale of this property to the prospective purchaser. I thought we were supposed to have something from Bergner by April 12. Can you give me a current status?
